

SAMARITAN INNS

# Annual Report 2019

## Our Mission

Samaritan Inns' mission is to provide structured housing and recovery services in an environment of support and accountability that give homeless or at risk individuals who suffer from drug and alcohol addictions the opportunity to rebuild their lives.

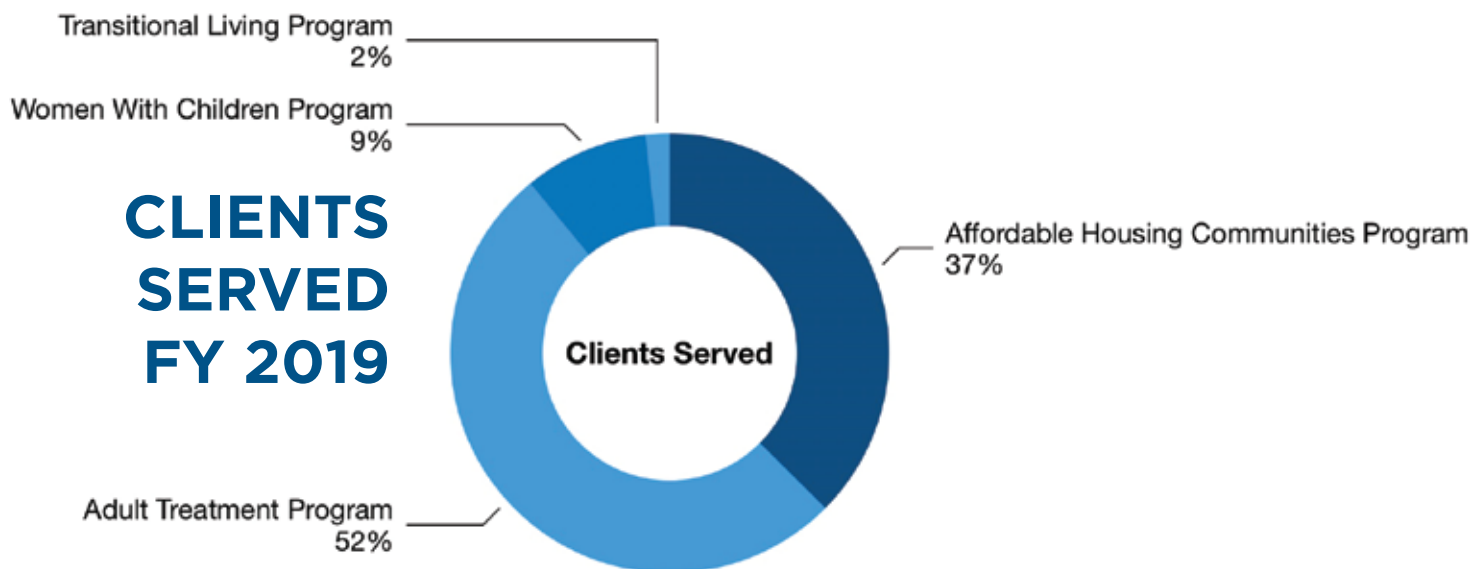

## Our Program

For over 34 years, our programs and services have treated and saved more than 15,000 citizens in the District of Columbia. Individuals who graduate from Samaritan Inns' Treatment and Recovery Continuum become contributing members of society, living, working, and providing positive outcomes in their communities. One year after completion of the final phase of the comprehensive program, our graduates report that over 90% are drug/alcohol free; employed full time; and live in their own apartment or home.

# Fairmont Inn: Men's Transitional Living Program

On December 11th, Samaritan Inns held a ribbon cutting ceremony to celebrate the launch of a new transitional treatment program. At a time when substance abuse has become a national epidemic, DC has the highest rate of substance abuse in our nation. This new program looks to create long term solutions, linking a 28 day treatment program with our Affordable Housing Recovery Program.

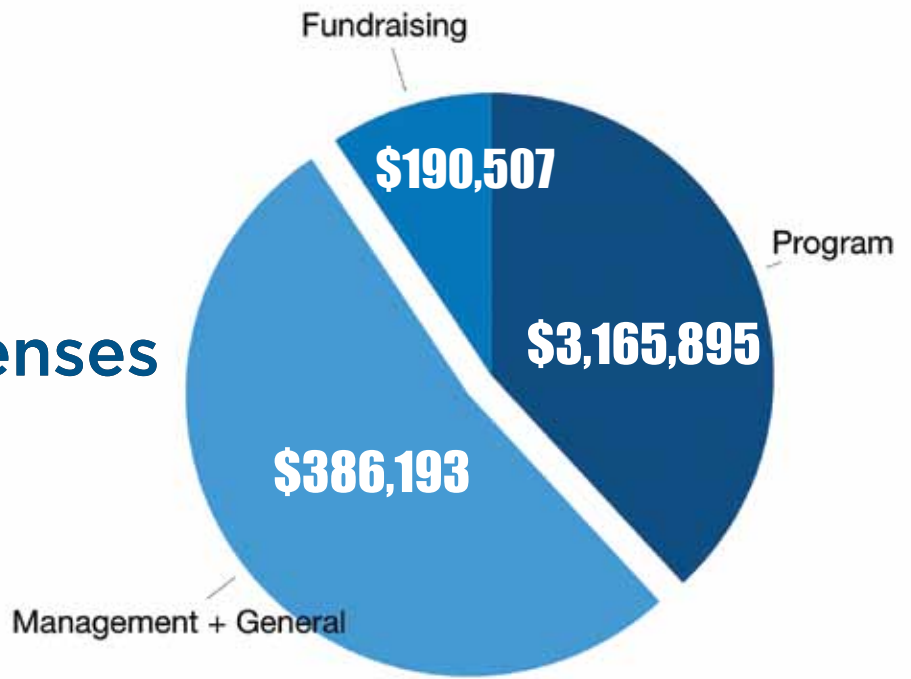

This new program, serving about 50 men each year, applying evidence-based practices to further address the complexity of co-occurring disorder (substance use disorders and mental illness). In the new program, individuals fighting addiction will be able to fortify their newfound physical, emotional, and psychological well-being and begin to learn a new way of life, providing counseling, crisis intervention, GED preparation, financial management, vocational readiness, employment services, and much more.

Special thank you to DAVIS Construction and their contractors for their work in the renovation. We cannot wait to restore hope for so many in this beautiful new home!
